Hero's Guide (Star Wars Roleplaying Game)

Synopsis

Follow your own path. Bold individuals from countless star systems aspire to greatness. But the galaxy's real heroes are those dynamic characters who blaze their own way to fame or infamy. Like them, you possess a unique combination of skills, abilities, traits, and talents that enables you to succeed where others fail. With your vision and drive, you will leave your mark on the galaxy. This sourcebook features:

- Over 90 new feats, including Blasterslinger, Dark Power, and Kinetic Combat, as well as seven feats that reflect mastery of each of the lightsaber forms.
- Over 30 new prestige classes, such as the master duelist, sharpshooter, Bothan master spy, and berserker droid.
- Over a dozen factions, such as the Rebel Alliance, Bounty Hunters Guild, and the Hutt Criminal Syndicate, along with rules for joining each one.
- New equipment, including weapons, military hardware, and cybernetics.

To use this sourcebook, you also need the Star Wars Roleplaying Game Revised Core Rulebook. This product is for use with all Star Wars eras.

Customer Reviews

In a very basic sense, the Hero's Guide is like an advanced expansion of the Revised Core Rulebook, but it's much more than that. The main purpose of this book is to provide tools for the player- and it definitely delivers. Gamers looking for long sections of background and history are advised to go elsewhere, but considering all that it offers, I'd consider this book a must-have for any serious player. First off, the Hero's Guide follows in the high-quality style of other recent products such as the Ultimate Alien Anthology and Coruscant And The Core Worlds. Like its cousins this book is full-color and hardcover. One immediately notices the large amount of original artwork and

still photos. The main index is organized alphabetically by topic, which makes finding most things mercifully simple. This book is well presented, easy on the eyes, and fun to read, but of course that's not why it deserves a spot on your bookshelf. This book is simply filled to the brim with a vast array of new game rules and character options. The main standouts are the chapters on Feats and Prestige Classes. In terms of Feats, over 120 new feats are offered, including feats for six distinct martial arts disciplines as well as feats depicting the seven forms of lightsaber combat. There is also a wide selection of faction-related feats. With such a wide selection even the pickiest player should be able to find something that fits his or her character. Players will also like the selection of nearly 30 new prestige classes. Many of them are tied to specific factions, and some are definitely harder to qualify for than others, but they represent such a wealth of progression options that just about anybody should be satisfied.
