each issue develops more than just the main character but keeps the main character as it's center. not only are you rooting for sho but as you learn more about each teammate you start town care about them too. yes you want sho town be the best but you also want the team town be a team. the kind of sports manga I enjoy.

these multiple book storylines drive me crazy but so far it has been worth the wait. but since the next book is not out I will have town wait longer than the past.

needs previous book and next book town totally tell a story but still good. Still a great series. hope future books do not always end in cliffhanger.

Love this manga series! Great addition to a great story line!! This has to be the best book in the series so far!!
