Fundamentals Of Crisis Counseling
An indispensable handbook for assisting clients in crisis and in their journey toward healing
Integrating practical training with both research and theory, Fundamentals of Crisis Counseling offers students and professionals proven hands-on techniques to assist clients in recovery from crisis and towards an eventual return to their day-to-day lives. Written in the author’s gentle yet purposeful voice, this reader-friendly guide is filled with lessons on current evidence-based counseling, how to operate as a client stress manager, and information on finding resources that facilitate client resilience. In addition, the author helps counselors improve counseling effectiveness by gaining a better understanding of their own strengths and weaknesses and emphasizes the importance of self-care. Stemming from the author’s thirty-five years of experience as a crisis counselor, this book contains valuable information on:
- Crisis theory and intervention models
- Concepts, techniques, assessment, and treatment for disaster mental health work
- Legal and ethical concerns regarding working with individuals, groups, couples, and families
- Assessment and instrument selection
- Main concepts and techniques of brief therapy, motivational interviewing, stages of change, positive psychology, grief therapy, client resilience, and spirituality
- Multicultural crisis counseling techniques centered on age, gender, sexual orientation, and ethnicity
- Counselor self-care complete with case studies and examples

Ideal for all mental health professionals looking for guidance on best practices in crisis counseling, this book is also suitable for training professionals and counseling students. The book includes access to an online instructor’s test bank, PowerPoint slides, and syllabi in line with 2009 Council for Accreditation of Counseling and Related Educational Programs (CACREP) standards. Fundamentals of Crisis Counseling imparts useful knowledge on little utilized crisis counseling abilities, preparing counselors at every stage to effectively respond to the immediate and lasting affects of crisis.

Average Customer Review: 4.0 out of 5 stars Â– See all reviews (3 customer reviews)
Customer Reviews

This book implies that it will give you the basics, and that is all you get. The chapters are short, but not in a good way, more in a "I feel like I only read the abstract. Where is the rest of the article?" kind of way. This book will not be very helpful in my Counseling career, or in a crisis. This is the WebMD version of crisis counseling; you'll have to consult someone/something else still.

This was great and very easy to maneuver while reading. The hardest part was not having actual page numbers to be able to quote or do page references. Or if there is a way to convert location to actual page number that would be great!

Great Quality
