Customer Reviews

Help to motivate my ability to care for a responsive and unresponsive person by doing CPR. This book have a lot of information which helped me to pass by first aid and safety class

I was pretty happy with this book. It was cheaper here than anywhere else I looked at. Good quality and it arrived on time.

Yes, the book was cheap ordering online, I need this book for my Health and Wellness class. The book store price sky high and a rip off.

Was in great condition and was very informative and had lots of great pictures as well as reading and was easy to understand.

Has lots of marks and highlights. But readable and usable. Passed my class, soo yea. It works.

Exactly as described. Needed for a class, got here in less than a week. No complaints.

Super low price. Very practical knowledge. Worth it, especially as a student.

the right book for my class and it was very well priced!
