Microeconomics (5th Edition) (The Pearson Series In Economics)

Synopsis

For Principles of Microeconomics courses at two- and four-year colleges and universities Reveal the relevance of economics through real-world business examples One of the challenges of teaching Principles of Microeconomics is fostering interest in concepts that may not seem applicable to studentsâ™ lives. Microeconomics, Fifth Edition makes economics relevant by demonstrating how real businesses use economics to make decisions every day. Regardless of their future career pathâ“opening an art studio, trading on Wall Street, or bartending at the local pubâ“students will benefit from understanding the economic forces behind their work. This program provides a better teaching and learning experienceâ“for you and your students. It will help you to: â¢ Personalize learning with MyEconLab: This online homework, tutorial, and assessment program fosters learning and provides tools that help instructors to keep students on track.â¢ Show students how economics is relevant: Relatable features ground course material in the real world, showing students how these ideas are relevant and facilitating understanding.â¢ Foster thorough understanding via a flexible, student-focused approach: An engaging, captivating writing style and student-friendly learning aids motivate and engage students. Note: If you are purchasing the standalone text or electronic version, MyEconLab does not come automatically packaged with the text. To purchase MyEconLab please visit www.myeconlab.com or you can purchase a package of the physical text + MyEconLab by searching for 0133826686 / 9780133826685. MyEconLab is not a self-paced technology and should only be purchased when required by an instructor.

Customer Reviews

Easy to read and was required for my class. I really like the structure of this book and how well organized the chapters were. If you need this for your class or you just want to learn a little about Microeconomics this is the book for you

Same text as the bound book for \$40 less. Not sure I care for the text itself, but supplementing with online videos from other sources makes it easier to understand. There are materials online that make the subjects much easier to understand than this book does.

Compared to what everyone else paid for this book. This was an AWESOME deal! There was a lot of highlighting in the book, but it didn't bother me. If anything it helped me in completing my HW. I just hope when I send it back they say that I wrote in the book.

Cheaper than a collegebookstore would sell it! Easy to follow through!

Great book and easy to follow. I am now a microeconomics wizard!!!

Shipped within two days, awesome book for my Econ class!

I just want to say that this book is really used

Great book for MTSU Microeconomics class
