I could not put this book down!!! Wonderful stories about the Great Bear that roamed so much of the American West. This is really a history lesson about how our ancestors exterminated the Grizzly mainly due to not fully understanding this animal. Let this be a lesson for present and future generations on how to preserve the American Grizzly.

Stories about particular bears and events in the southwest, from the 1820s to the present. Shows the changing attitude toward bears. Written by David Brown, who also wrote the very good book "The Grizzly in the Southwest: Documentary of an Extinction".
