Customer Reviews

It was good, I'd recommend it to anybody that likes simple stories, revenge and "romance" in general. As a side note: I doubt I gave me ANY new manga even though I paid for it new. Some pages had blots and they weren't even black. Is this a normal thing?

I personally like romance Mangas and such, yet I wouldn't completely classify this as romance just yet. This is the first one I read and it actually really is a basic revenge story, with its own little twists. Would recommend, for some reason it reminds me of Okami-San and Her Seven Companions.

For people like me. Being fat is torcher when as a kid. For me I know. Until the end when you fall into revelations like the man character you can enjoy the crazy twist and turns as if it was your own.

Honestly, not bad. So far the plot seems to be taking a steady pace in progressing. It's cute and there are a few quirky and funny moments in it. For those looking for a simple story to follow about revenge and romance, don't be afraid to give it a shot.

Enjoyed this manga a lot previously read some of the chapters online and it met my expectations. If

you like ecchi romance School life manga this is the book for you.

revenge is a best way to get back only if you are not found out by a cinderallia maid
