Very good book with a different focus on reading and writing. Use this book and you will become a better writer in 6 week guarantee. If you are struggling this is the book to guide you, it has great color coordination to aid in your success.

Required item for 10th grade Expo Comp so wasn't able to compare against other writing aids. The questions are sometimes confusing, however felt this book is overall a great tool for a student taking this class.

This is the best book I got for the semester. It was 16 bucks and you could not tell whether it was

new or used it was in such good condition. Plus it is small and easy to carry.

This was exactly what I needed for my English Comp class and it saved me a great deal of money over getting it from the campus bookstore. Thank you for making this available.

Exactly what I was looking for and what I needed for my English composition class. Great price instead of paying \$90 at the book store.

I use this book every day and the price was so much better than the original book in my school store!

This is a great book for those who want to write better essays like myself. It helped me learn a few new tips and write better.

The book arrived in the time it said it would arrive. The condition of the book was good no pages missing. Thanks!!
