Institutional Review Board Member Handbook

Synopsis

Doody's Review Service - 5 Stars! Designed to give Institutional Review Board (IRB) members the information they need to protect the rights and welfare of research subjects in a way that is both effective and efficient, the chapters of the Institutional Review Board Member Handbook are short and to the point. Topic-specific chapters list the criteria IRB members should use to determine how to vote on specific kinds of studies and offer practical advice on what IRB members should do before and during full-committee meetings. This handbook is an excellent accompaniment to Institutional Review Board: Management and Function, Second Edition and the Study Guide that IRB members can access and refer to quickly and easily.

Customer Reviews

As an IRB member I love this book, nice compact resource that makes me a better reviewer and helps to focus our IRB meetings. A must have for any IRB committee members, or any applicants wanting a better understanding of the IRB process. I love this book so much I'm reluctant to lend it out for fear I won't get it back!

We give this book to all of our new IRB members. It is informative and easy to carry around for quick reference.

This is a very useful book and a must have for every reviewer and IRB member. It gives a quick

referencer for any one in these fields.Wonderful reading.

This is a great little book. I liked it so much, I convinced my IRB to purchase a copy for everyone.My favorite part of the book are the useful checklists for IRB members.

This was a helpful supplement to the Management and Function book. It fills in some gaps and keeps a lot of quick information on hand, just like it should.

Purchased this book for our IRB here on campus. They are pleased with the handbook as a source of reference as they proceed with their assignments.

This handbook is a ready reference to make sure an IRB member will address all regulatory requirements when reviewing research protocols

Even if you are a seasoned IRB member, this is an excellent refresher. Particularly if facing an upcoming AAHRPP accreditation visit.
