The Art Of Palmistry: A Practical Guide To Reading Your Fortune

Synopsis

Every person has a unique storyâ and itâ™s written on our palms. Palmistry helps us understand our personalities, potential, talents, strengths, abilities, and limitations. By comparing the features of your palm with the photographs of hands in this guide, you can create a profile to monitor their changing patterns. Learn about the different types of palmistry, how to map the hand, and how to recognize and read the mounts, the life line, the heart line, and every identifier on your palm. Because the lines on your hands change over time, revealing new information, you can use the book when you have decisions to make, and refer to it regularly to examine the changes in your life.
