Customer Reviews

You have to read it to get the message. But as one person wrote, "I finally found a God I can love." can't argue with that. A unique series of books, definitely worth reading, no matter what your religious belief.

I wish all the leaders in the world would read these books and apply the Universal Truths. Just imagine... Thank you Neale, for being the messenger. Your conversation resonates so deeply with my soul and touched me profoundly. I use every opportunity I can to encourage people to read the series. It is a must if we want to live the life we were here to experience. I will keep going back to re-read all three books during my lifetime.

Threatening and scary I have to ask myself over and over again how could we be so narrow minded

and accept without questioning our beliefs? what he says is not unbiblical he presents biblical ideas in a new wider light not discounting the beliefs of other faiths as well which I like .After all we will never know all the truth just as we will never know God fully, the finite cannot perceive the Infinite. I loved all 3 books read twice and they bear reading again and again.

I purchased this book used, however it was in very good shape considering it was first released in 1994. I am enjoying reading conversations with God. It has changed my life. I also recommend books 1 and 2.

I rated this conversation with God very highly as it spoke to my very core beliefs. Awakened within me Truths i had forgotten.Filled me with so much Joy, Love and gratitude. What peace now surrounds my Soul. Thank you Thank you.Gary Davis

I got into the Conversations With God books for a while. It's a lot like The Secret, but still good. I enjoy reading them, and have actually read them more than once.

An amazing book full of insight and wisdom. No matter what you believe this book will intrigue you and keep you reading until the end.

The only thing I can say about the book is,... A door to your self-awareness, if you like to remember, this book is an excellent tool.
