Rocky Mountains Plants And Animals (Dover Nature Coloring Book)

Synopsis

Rugged mountain peaks, alpine streams, and heavily forested areas are home to the many plants and animals that inhabit the Rocky Mountain region in North America. Illustrator Dot Barlowe captures the area's beautiful vistas and wildlife in 27 accurately rendered, ready-to-color illustrations. Nature lovers, environmentalists, and coloring book fans alike will treasure this collection that provides detailed images of a hawk circling high above a mountain valley, a puma watching its playful cubs, a chipmunk sampling pine nuts, a black bear snagging a rainbow trout, and other creatures in realistic scenes — each accompanied by fascinating, information-packed text.

Customer Reviews

This wonderful coloring/reference book is a must have for nature lovers of all ages. The book is set up to take you from the beautiful flowery foothills of the Rocky Mountains to the rugged peaks; with educational paragraphs and artistic, realistic illustrations of the fauna and flora at each level along the way. The illustrations are printed front and back of each page. The pictures have many details so colored pencils work well in this book. Con: The illustrations have a lot of black and dark shading, but my grandchildren still love this book. Illustrations and reference paragraphs included in this book: 1.
