Kentucky Birds: A Folding Pocket Guide To Familiar Species (Pocket Naturalist Guide Series)

Synopsis

The Bluegrass State is the permanent or migratory home of 368 species of birds, including the state bird – the northern cardinal. This beautifully illustrated guide highlights over 140 familiar and unique species and includes an ecoregion map featuring prominent bird-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

Customer Reviews

No information but name and size, just quick identification of approximately 150 Kentucky birds in an 8.5 by 4 inch water resistant pamphlet that folds out to nearly two feet. This is great for the birdwatcher who can wait until they get home to look up information on the birds they have seen. Very lightweight. Just stick it in any pocket and go.

I wanted a pictorial guide that was simple and easy to use, and this is it!! Every bird I see on my birdfeeder is now identifiable.....

My granddaughter was so thrilled with these books. She is taking them on vacation and told me it was the best gifts ever!!!

It seems heavy duty and water proof. It doesn't list every bird I see but overall a nice portable quick reference.
