Effectively Managing And Leading Human Service Organizations (SAGE Sourcebooks For The Human Services)

Synopsis

Now in its Fourth Edition, *Effectively Managing and Leading Human Service Organizations* continues to provide invaluable creative ideas for achieving managerial success. Authors Ralph Brody and Murali Nair dissect and diagnose common workplace dilemmas, offering current and future managers the skills to implement positive changes in organizations large and small. Easy-to-read, this book connects a conceptual framework and essential managerial practices with hundreds of real-life examples and case studies of applied managerial skills in organizational settings.

Customer Reviews

Though many would argue that the information in this textbook is common sense, there's no better way to solidify the art of management with a guide. The information provided in the text is solid, a bit lengthy (which is to elaborate, which is nice), and gets into the deep mechanics of being culturally sensitive to your clients, employee health (in context to respect and their relationships with one another), and successfully creating, implementing, and running a human service organization.

Incredibly dull reading that was required for graduate work. Useful information can be mined out especially thanks to the handy lists and italicized words found in text that draws attention to pertinent information, but everything else can be skipped over.

Easy to read and follow along. Has lots of useful information.

This book is good for another course I am taking
