Lady Cadogan's Illustrated Games Of Solitaire Or Patience

Synopsis

This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts - the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide. This text refers to the Bibliobazaar edition.

Book Information

Paperback: 116 pages

Publisher: BiblioBazaar (April 28, 2009)

Customer Reviews

This is not a complete review except to say that the descriptions of the game, while concise, are very easy to understand, logically presented, and yet are written in a wonderfully attractive and readable style. All include an illustration of the basic layout. Some points: 1 The list of games in the current description page contain two completely different games per line, e.g. Labyrinth and Mount Olympus. The number of games actually totals forty-seven. 2 Lady Carogan's first edition was the first published English language compilation of solitaire games, probably from the 1860's. Second edition was 1874. The edition I have is the even later 1914 as reprinted 2007, the cover shows a bobbed hair flapper playing under a lamp. Some of these 47 are special favorites of mine for the historical reason of being from the first (English) book, (although mine is a later edition of it- and is the only one I have looked inside of). 3 sells two Kindle versions right now, and I would guess that they are different editions. If they are, then I am not sure which is the older, having only seen one.
